

Register your Bicycle

The Bloomfield Police Department will be registering bikes for residents of Bloomfield.

Bicycles are a commonly stolen item and are not registered like vehicles. Bicycle registration includes providing owner contact information, having the manufacturer and serial number documented and having a number decal applied to your bicycle. The process takes a few minutes. Registering your bicycle allows officers to look up the needed information about your bicycle if it were to be stolen. The information is kept in a secured database only accessible by police dept staff.

***THERE IS NO CHARGE TO REGISTER YOUR BICYCLE.**
