Bloomfield, NJ- On May 28, 2025, the Bloomfield Police Department responded to a report of a burglary. The responding officer observed the doors of a business unsecured and upon entering noticed the business was rummaged through. After assessing the scene it was determined that the business next door had been entered by the same individuals by creating a hole in the drywall that connected the businesses. The businesses reported that the proceeds of the burglaries were valued at approximately \$10,000. The Bloomfield Police Crime Scene Unit processed the scene and collected evidence. Bloomfield Detectives were able to observe the suspects on surveillance footage and connect vehicles to them. The detective’s investigation led to collaboration with Elizabeth Detectives and the three suspects were identified. They have been arrested and charged with Burglary, Burglary Tools, Theft, Criminal Mischief, and Conspiracy.

“I would like to commend the detectives who worked tirelessly to quickly identify these suspects. Our detectives use all available law enforcement resources and often spend considerable time reviewing surveillance footage to apprehend criminals. We have a firm commitment to keep Bloomfield a great place to own a business.” **- Police Chief George Ricci**
